Load Securement Airbags

Shippers Products, part of Signode, is a global industry leader and supplier of protective packaging. With over 40 years of experience, Shippers Products offers a full line of dunnage airbags for every mode of transportation. As the only supplier that provides variable material types, Shippers Products is dedicated to creating the highest quality products to reduce damage that occurs during the transportation cycle. They continue to introduce new and innovative products designed to meet the shipping needs of today and tomorrow.

Features and benefits

■ Dedicated to customer service

Shippers Products customers receive onsite visits from Load Securement Specialists. They offer complimentary load audits to assess possible areas of improvement in terms of damage and load protection. Plus, they provide onsite user training, and education on best load securement products and practices for each unique application.

■ Streamlining loading practices

Shippers Products' experienced sales team can work with shipping departments to develop policies and procedures for loading and securing trucks. They help train employees to use their products at the dock level to ensure seamless integration into loading practices.

■ Committed to excellence

Along with "built-in" quality, Shippers Products have dedicated facilities and Statistical Process Controls (SPC) to ensure products meet customers' needs. From ISO 9001 to Det Norske Veritas (DNV) certification, Shippers is dedicated to producing the highest quality product for customers.
