

## Securely & Reliably Reseal Powdered & Granulated Products with Powder-Zip™

Powder-Zip™ provides the reliability of Zip-Pak® resealable packaging – with an enhancement that enables powdery products to be easily resealed without the mess. Powder-Zip™ works because of its patented evacuation port technology, eliminating powder and particulate residue from the zipper profile area. Now, without product trapped in the zipper area, the zipper is easy to close – even when challenging products are packaged.

### REVOLUTIONARY BENEFITS OF POWDER-ZIP™:

- › Evacuation ports eliminate product from profile area & keep it in the bag!
- › Powder packaging that's easy to close without the mess
- › Complete & secure seal each time product is used
- › Can be applied to a wide variety of flexible packaging

### POWDER-ZIP™ IS IDEAL FOR A BROAD RANGE OF PRODUCTS, INCLUDING:

- › Flour    › Sugar    › Cocoa    › Dried Mixes (Drinks, Pancake, Milk)
- › Particulates (Cereals, Grains)    › Snacks    › Pet Foods    ...And Many More!

**RESEALABLE • RESEALABLE • RESEALABLE**
