

Soft-Crush: Engineered for Eco-Friendly and Heat Sensitive Films & Pouches

Zip-Pak® Soft-Crush zippers are designed to achieve high-quality seals and appearance, with lower time-and-temperature application. Soft-Crush zippers improve converting efficiency while minimizing sealing gaps and distortion on heat sensitive films and pouches.

CONTACT US TO LEARN MORE ABOUT SOFT CRUSH

REVOLUTIONARY BENEFITS OF SOFT-CRUSH:

- › Designed for recyclability
- › Compatible with mono-material & heat sensitive films & pouches
- › High quality appearance & tight seam at side seal
- › Increase line speeds with reduced dwell time
