

MB-1

MB-1

Automatic off-line strapping machine

Intuitive Operation

Plug and play design for easy set up

Simplifies Maintenance

Built with high-efficiency components and few wear parts

Production Versatility

Designed for use in many industries and applications

Operator Friendly

Easy to operate with simple controls and intuitive stretch film replacement

MB-1

Automatic off-line strapping machine

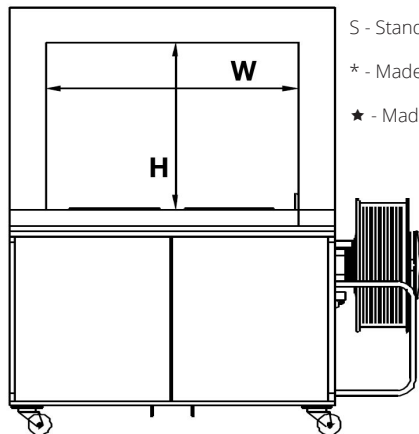

Features and Benefits

- MS Arch and Steel dispenser for durability and longevity
- Robust and reliable strapping head
- Faster response time and strapping speed
- User friendly adjustment and operation
- Separate tool kit for easy maintenance
- Heavy duty heater
- Easy loading and unloading of strap
- Caster wheels for easy shop floor movement
- Low maintenance cost
- Tension controller inside the machine
- Smoke exhaust system
- Door with electric interlocks for safer operations
- 3 modes of operation - Cycle on / Table top / Foot Pedal switch
