

Mega Coil Dispenser

Strap Dispenser

Reduce Coil Change Time

Load a pallet of strap quickly using a fork truck

Enhanced Productivity

Holds up to four Mega Coils of PET strapping

Operator Friendly

Easy and simple loading and threading of strap

Flexible Performance

Accommodates various coil weights without changes

Mega Coil Dispenser

The Mega Coil Dispenser delivers increased productivity and efficiency in a compact footprint. Its electronically controlled turntable provides precise coil positioning, while the durable, industrial-grade design uses readily available components—making it an excellent solution for retrofitting existing equipment.

Features and benefits

Enhanced Productivity

Holds up to four Mega Coils with more than 200,000 feet of PET strapping capacity, reducing changeovers and increasing uptime. The strap can be dispensed in either direction.

Eco-Friendly

Reduced CO² emissions through less load handling and fewer deliveries.

Simple Loading

Low-profile design allows for easy pallet loading.

Flexible Solutions

Accommodates various coil weights without adjustments. Designed to hold four Mega Coils up to 2,000 kg (4,400 lbs) total capacity—the largest capacity of any Signode dispenser.

Reduced Coil Change Time

Load a pallet in less than 10 minutes. Capable of dispensing in either clockwise or counter-clockwise direction.

Robust Signode Service Network

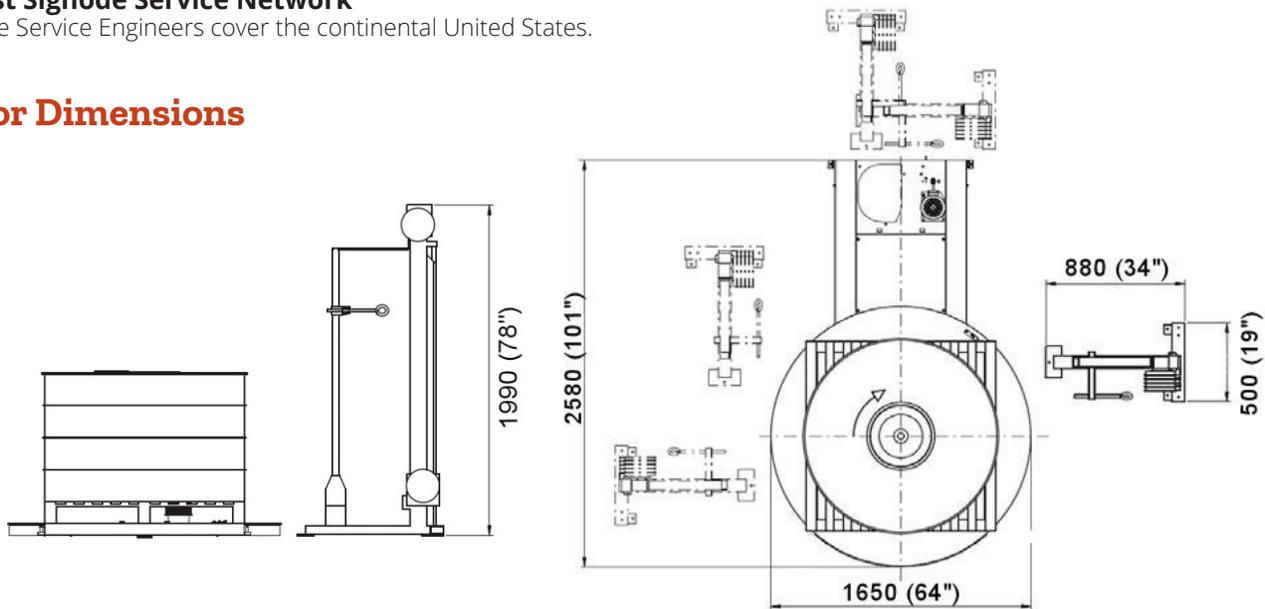

Signode Service Engineers cover the continental United States.

Technical Specifications

Power	480V, 3Ph, 60Hz
Strap Capacity	4 Mega Coils / 2,000 kg (4,400 lbs.)
Warranty	1 year
